A PEACH OF A MOVE

Atlanta Peach Movers specializes in moving people in and out of homes and offices. It began 20 years ago, when the founders asked one simple question...

“WHAT WOULD THE CUSTOMER WANT?”

Since that day, every move has been based on delivering exactly what customers want – the best possible local, interstate, and international relocation services. Available seven days a week, we’ve cultivated a staff of over 150 employees who never forget that every item we touch is connected to a human being.

OUR MISSION

Our mission is to make relocating a red carpet experience for every customer. Our daily goal is to anticipate and meet our customer's needs by employing an impeccably trained staff and utilizing the latest technology and equipment.

For two decades, alleviating the stress and confusion of relocating has been our focus. At Atlanta Peach Movers, we don't just move boxes, we move people.
